

Grafitè
ceramics®

PREMIUM
SURFACES

at grafitè ceramics experienced, knowledgeable & ethically committed skilled workforce consistently strive & deliver industry standard superior quality glazed vitrified tiles that's manufactured at production facility based at morbi, gujarat (india).

infrastructure occupies twelve acres of land with a production capacity of fifty lacs square meters annually, under the leadership of a chair person who first stands to be a practicing architect & interior designer now a industrialist ensuring end product scores high on aesthetics & functionality, creating memorable experience of a luxurious lifestyle for the end users. using state of the art cutting edge technologies & innovative applications that gratify lifestyle & elevates the spaces.

brand grafitè offers surface options categorized as premium surfaces & conventional surfaces to ensure best of transformation of the spaces. qualitative approach & consistency in execution of ideologies clubbed with fair & transparent business policies has lead to long term associations.

feedback & suggestions from our dealer networks, architects & interior designers has pushed our individual as well as collective capabilities to explore new possibilities as per the need of changing times.

cmd's message :

grafite's portfolio is categorised into two groups

- * conventional surfaces
- * premium surfaces

this pdf showcases only the premium surfaces.

every surface is clustered shadewise & further arranged alphabetically.

design name: A → Z

design tone:

my designing fraternity now has the wings of all the new possibilities,
grafite ceramics made it possible to transform spaces exactly the way
you imagine it.

choose the design you like

let us know the way you need the touch & feel of the surface to be...

we will make as per sizes you need

RAVI PATEL

architect - chief managing director
grafitè ceramics pvt ltd

Grafite[°] | premium surfaces
ceramics[®]

trailblazers often challenges the odds &
emerges as progressive trendsetters.
so is our mindset & our range of premium surfaces

question remains?

do you have the audacity to be a rebel, let people notice the unforgettable.

premium surfaces

frost

dead matt non reflective smooth surface with veins that are textured & crafted using transparent yet shiny ink that's reflective at certain angles.

rugged

surface appears rough & extremely textured whereas in reality it's a smooth matt finish with a anti skid property. footwear's gripping strength increases when floor is wet.

cleft

it's a granula base grains like textured surface with a touch & feel similar to a jute carpet that gives added grip yet soft matt & easy to clean.

vouge

touch & feel similar to a printout taken on a matt paper. no glaze used, digitally printed base coat provides extreme flatness. surface is soft & easy to clean with zero reflections.

marble

appearance is similar to a used italian marble flooring. granula base intermediate lappato like soft & smooth, non textured surface which leaves no finger print marks visibility.

oppaco natural

Its smooth, soft, and luxurious texture that allows fingers to glide effortlessly across, while its elegant matte finish adds a touch of sophistication.
